

Veeam® Cloud Connect

The 3-2-1 backup rule recommends you have three copies, two different media types, and one off-site. Follow the 3-2-1 rule with Racksquared's backup and disaster recovery option—Veeam Cloud Connect.

Veeam® Backup and Replication™ deliver Availability for **ALL** workloads—virtual, physical, and cloud from a single management console. It provides fast, flexible, and reliable recovery of your applications and data, and brings backup and replication together into a single software solution.

60%

OF PEOPLE ARE ALREADY USING
VEEAM CLOUD CONNECT BACKUP

”

“If you want worry-free Availability, choose Veeam. Of all the solutions available, Veeam is the Ferrari sitting on the showroom floor.”

—John Burks, Director of Information Technology, BLR

”

“Veeam Backup & Replication is way past WOW! This is what the backup world needs. Veeam has already given me hours of my life back each week.”

—Larry Walker, Vice President and Data Processing Officer, Chelsea Groton Bank

”

“We had two options: we could spend more than half the work week managing and worrying about VM backup and replication, or we could put Veeam in place and forget about it.”

—Brooks Barnes, Systems Administrator, Great Southern Wood, Preserving, Inc.

 **PROTECT YOUR
BUSINESS WITH THESE**

3 EASY STEPS

1

Complete your Veeam Cloud Connect [sign-up form](#) for a **free 30-day trial**. Enter the number of VMs and the amount of storage needed.

2

Configure your Veeam backup software and **select Racksquared as your preferred service provider for Cloud Connect**. Log in with the username and password provided.

3

Select your backup schedule and backup your data to Racksquared Data Center's backup target. **Restore from Racksquared at any time at no additional cost.**

Cloud Connect makes it easy to extend backups to the cloud and recover from cloud backups. Ready to use Racksquared Data Centers VEEAM Cloud Connect?

Call us at **855-380-7225** or visit www.racksquared.com.
